College of Physical Activity and Sport Sciences

Degree Offered

• Bachelor of Science in Physical Education

Nature of Program

Students in athletic coaching education, athletic training, physical education teacher education, sport and exercise psychology, and sport management examine the relationship of play, games, sport, athletics, fitness, and dance to our culture and cultures throughout the world. Their preparation includes the acquisition of knowledge and skills from a vast array of movement activities in addition to an understanding of associated physiological, biomechanical, sociological, psychological, historical, philosophical, and pedagogical principles. Preparation in athletic training is designed to enable students to prevent and treat injuries related to athletic competition.

Graduates in physical education with teaching certification are generally employed as elementary or secondary health and/or physical education teachers and athletic coaches. Graduates in sport and exercise psychology and sport management are employed with professional and collegiate sport enterprises, fitness centers, recreation programs, sporting goods stores, or commercial sporting goods manufacturers, or pursue graduate training in sport and exercise psychology. Athletic coaching education graduates are employed as coaches, strength and conditioning specialists, and work in the health and fitness industry. Athletic training graduates often work in high school, college, professional, and health/medical facilities to help treat and prevent injury.

Programs

Baccalaureate programs offered in the College of Physical Activity and Sport Sciences (CPASS) include athletic training, athletic coaching education, physical education teacher education, sport and exercise psychology, and sport management. The College of Physical Activity and Sport Sciences has available to students minors in personal trainer and group fitness instructor, sport and exercise psychology, sport communication, aquatic facility management, strength and conditioning, athletic coaching, and adventure sports leadership.

Facilities

The facilities of the College of Physical Activity and Sport Sciences include the gymnasium, dance studio, and swimming pool in E. Moore Hall; a gymnasium and fitness center in Stansbury Hall; bowling lanes and billiard area in the Mountainlair; indoor track and sports area in the Shell Building; outdoor areas including the stadium, tennis courts, soccer and field hockey fields, and outdoor track; and the Natatorium with its pool and diving well. The College of Physical Activity and Sport Sciences will move into a new building bordering the Student Recreation Center and intramural fields in July of 2014. The new building will have 9 technology based classrooms, three large seminar/conference rooms, a 46 seat computer lab, research space, a teacher behavior laboratory, fitness room, multipurpose room, and faculty offices. Additional faculty and staff offices are in E. Moore Hall, Stansbury Hall, the Natatorium, and the Shell Building.

Credit Load Per Semester

The minimum workload per semester for a full-time student is twelve hours and the maximum workload per semester is twenty hours. However, an advisor may register a student as a part-time student if fewer than twelve hours are required to meet all requirements for the bachelor’s degree. Other exceptions to these regulations may be requested by petitioning the Committee on Academic Standards.

Requirements for Degrees

• All students must complete general education curriculum required courses and WVUe 191.
• Teacher Certification Curriculum: students in teacher certification programs must complete a group of educationally related courses and other prescribed work.
• Students must complete the major requirements as determined by the appropriate department.
• Students must complete a minimum of 128 hours or 144 hours if a PETE major.
• A minimum grade point average of 2.0 is required for graduation. Those in teacher certification must have a minimum grade point average of 2.5.

Physical Education Basic Instruction

Physical education classes are open to all students of the University. A wide variety of team, individual, and leisure sports and recreational activities in the form of aquatics, fitness, martial arts, and outdoor adventure are offered. The motto of the Basic Instruction Program is “Play to be fit, and be fit to play” so the aims of the program are to develop:

• An appreciation of the body and its capacity to move
• Movement skills of games, sport, dance, and aquatics
• An appreciation of the value of continued activity throughout all age periods in an individual’s life
• An understanding of the cultural significance of sport and dance
• Concepts of the physiological characteristics of sport and movement

All courses numbered PE 101–293 are at a beginner’s level unless otherwise specified. Repeating an activity is not allowed except at a more advanced level.
