Ceramics

Degree Offered
• Master of Fine Arts

Nature of the Program
The Master of Fine Arts is a terminal degree in studio art. Our selective and limited enrollment ensures regular individual contact with dedicated, diverse faculty who are committed to a sustained professional exchange with each student. A collaboratively designed curriculum is augmented by regular critiques engaging all studio majors and faculty. Media experimentation is encouraged. Students must be able to apply and communicate a diverse body of knowledge of historical, cultural, contemporary, and aesthetic issues to their professional practice. Students are expected to articulate and defend their position within the context of contemporary art discourse.

The Master of Fine Arts with an emphasis in ceramics fuses art and technology, which recently boosted it into one of the top 20 graduate art programs in the country, as ranked by U.S. News & World Report in 2013.
