Certificate Learning Outcomes

HEALTHCARE ADMINISTRATION

Upon completion of the certificate, students should be able to:

- Understand, identify, and explain key social, political, and economic issues that shape the delivery of healthcare in the United States.
- Examine and identify the variety of organizations and entities in the healthcare delivery environment.
- Assess current workforce, funding, organizational delivery, quality and equity trends in healthcare administration.
- Understand, interpret, and utilize financial information, reports, policies and tools to implement decision-making in healthcare administration.
