Certificate Learning Outcomes

POST MASTER'S FAMILY NURSE PRACTITIONER

Upon completion of the certificate, students should be able to:

- Conduct a comprehensive and systematic assessment of health and illness in complex situations, incorporating individualized and culturally sensitive approaches.
- Design, implement, and evaluate therapeutic interventions based on nursing and other sciences.
- Develop and sustain therapeutic relationships and partnerships with patients (individual, family, or population) and other professionals to facilitate optimal care and patient outcomes.
- Demonstrate advanced levels of clinical judgement and accountability in designing, delivering, and evaluating evidence-based care to improve patient outcomes.
- Guide, mentor, and support other nurses to achieve excellence in nursing practice.
- Educate and guide individuals and groups through complex health and situational transitions.
