

# Agribusiness Management

---

## Degree Awarded

- Associate of Arts

## Nature of Program

This curriculum includes five areas of concentration: general agricultural economics, agribusiness management, farm management, rural development, and resource economics. The general agricultural economics area or concentration provides a basic background for a variety of agriculturally-related careers.

## Career Opportunities

Agribusiness and farm management areas provide specialized training for careers in agribusiness, credit, government and farming. Rural development and resource economics areas of concentration provide training for careers in community development, rural planning and management of natural resources. Employment opportunities exist with agribusiness firms, extensions, local, state, and national and international agencies.
