Elementary Education

Degree Offered

- Associate of Arts

Nature of Program

Elementary Education students complete the initial phases of degree work required to become a certified teacher. Future teachers naturally expect to be responsible for lesson planning, instruction, and assessment in their future classrooms; however, with society’s demands for critical thinkers and citizens committed to life-long learning, it is crucial that future educators experience teacher-preparation rich in opportunities to discover the impact of culturally relevant teaching, learner centered classrooms, and integrated curriculum as well as solid communication, management, and organizational classroom skills.

Potomac State College offers direct classroom experience for prospective elementary educators as early as the first semester of study and a rigorous two-year approach designed to provide an interdisciplinary background for prospective teachers.

Graduates should expect to continue course work in Elementary Education at an accredited baccalaureate granting institution to become certified teachers.

Career Opportunities

Many Elementary Education majors expect to become elementary teachers. Other career options (some requiring advanced degrees) include teaching in a private school or charter school; curriculum design and development; curriculum sales; educational support services; child care administration; educationally focused government work; administration; educational psychology; and higher education support or teaching. Four-year graduates can begin working as a classroom teacher while simultaneously earning their graduate degree.

Admission Requirements

Entering freshmen are admitted directly into the major.

Benchmark Expectations

Elementary Education majors must earn a C- or better in EDUC 100, EDUC 200, and EDUC 301 for graduation. Students must demonstrate competence and professionalism, following all College and school district guidelines and policies, in their school-based placement(s). Students must meet with their education adviser each semester. Students who do not meet these benchmarks may be removed from their major.

Students who plan to continue at WVU-Morgantown must earn a C- or better in all professional education courses and will need to maintain a minimum GPA of 2.5. Major transfers from within WVU, including from Potomac State, must follow the elementary education program’s admission requirements (http://catalog.wvu.edu/undergraduate/collegeofhumanresourcesandeducation/teacherpreparation/4-year20elementary20education/#admissionstext) for transfer students.

Testing Requirements

In West Virginia, Praxis Core tests are waived if you have already completed a master’s degree OR if you scored 26 on the ACT OR if you scored 1170 on the SAT (Math and Verbal, pre-March 2016 sitting) OR SAT Evidence Based Reading/Writing and Math Section 1240 (post-March 2016 sitting). All other students must earn passing scores (based on score benchmarks for the intended transfer institution) on all subsections of the Praxis Core by the application or transfer deadline set by the intended transfer institution. More information about the Praxis CORE can be found at https://www.ets.org/praxis/about/core/.

Disclaimer: State Board of Education requirements may change testing and program requirements.

**Major Learning Outcomes**

**ELEMENTARY EDUCATION**

A primary mission of the AA in Elementary Education at Potomac State College is to prepare individuals for a changing teaching profession. Teachers influence many facets of education including students, parents, school policies and procedures, curriculum design, instructional materials, and classroom environment. Educational issues must be grounded in current research on best practices and deep reflection on ways to implement them in teaching practice.

Upon successful completion of the A.A. degree, Elementary Education majors will be able to:
Elementary Education

• Utilize commitment and skills to engage in life-long learning, including research skills applied to the discipline;
• Practice effective communication; both oral and written;
• Recognize that teaching is a professional, moral, and ethical enterprise with well-developed ethical frameworks which facilitate effective teaching;
• Serve as facilitators of learning for all students;
• Apply in-depth knowledge of both pedagogy and content, and the relationship between them
• Be reflective practitioners;
• Be aware of, and have respect, human diversity;
• Value and integrate knowledge from a wide variety of fields, be creative and open to new ideas, and be able to act constructively in a world characterized by technological, cultural, and societal diversity and change.
