Management Information Systems (MIS)

Degree Offered

• Bachelor of Science in Business Administration

MIS Program Objectives

Students in the MIS program gain the skills necessary to analyze an organization’s information needs and develop technological solutions to effectively solve business problems. In today’s fast-paced, global environment, technology is a necessary and integral part of business. MIS professionals have the knowledge to understand both the business goals and information needs of the organization, and to deliver the application of technology to meet those needs. Career opportunities include:

• Consulting
• Database Administration
• Information Systems Security
• Networking and Telecommunications
• Systems Analysis and Design
• Technology Management

This is an excellent major for students who enjoy technology and want to apply their knowledge in a business environment.

Total Hours 31-37

Please note that not all of the GEF courses are offered at all campuses. Students should consult with their advisor or academic department regarding the GEF course offerings available at their campus.

Degree Requirements

To qualify for the Bachelor of Science in Business Administration students must meet the following criteria:

- Complete a minimum of 120 credit hours.
- Possess an overall GPA of 2.0.
- Possess a GPA of 2.0 for all major courses (i.e. ACCT, MIST), calculated using all attempted GPA hours unless excluded by the D/F repeat policy.
• The College of Business and Economics accepts all baccalaureate transferable course work completed at public and private colleges in West Virginia and other regionally accredited institutions. Since the College is AACSB accredited, upper-division courses (courses equivalent to 300/400 level at WVU) must be evaluated by the Dean or designee before they may count toward business core, major core and major restricted electives in the Bachelor of Science in Business Administration or Bachelor of Science in Economics program.

Curriculum Requirements

Minimum Overall GPA of 2.0 is required

Possess a GPA of 2.0 for all major courses (i.e. ACCT, MIST), calculated using all attempted GPA hours unless excluded by the D/F repeat policy.

Major Learning Goals

MANAGEMENT INFORMATION SYSTEMS

The objective of providing a foundational education in management information systems and innovation at the undergraduate level cannot be realized without appropriate curricula content, effective teaching, and ultimately, learning. Within the undergraduate management information systems major, we subscribe to the following learning goals for each of our undergraduate students:

• Competence in core technical areas associated with MIS, such as programming, data communications and databases
• Knowledge of the selection, implementation and use of management information systems in organizations
• Awareness of how to analyze business problems and to design, build and maintain appropriate technological systems to solve those problems
• An ability to apply business skills to technical problems while using an information ethics lens to achieving solutions
