Introduction
Creative development in art, music, theatre, dance and multidisciplinary arts is central to the College of Creative Arts. Made up of three professionally accredited and nationally recognized Schools of Art & Design, Music, and Theatre & Dance, the College provides students with a place where young artists forge a personal understanding between artistic practice and theory and form personal and professional insights that explore and expand the nature of human creativity. Combining performance, exhibition, and scholarship in ways that address both traditional and innovative approaches to art, music, theatre and dance, students gain a greater understanding of the arts—and, in turn, themselves.

A distinguished faculty of scholars and artists bring to the College’s outstanding facilities a commitment to a creative process of artistic growth. In a rich environment of plays, exhibitions, and concerts, the College offers students the knowledge, skills, and inspiration necessary for artistic and professional success.

Study Abroad
The College of Creative Arts realizes the importance of the personal and professional benefits that result from studying abroad. College of Arts' students have the opportunity to study abroad through one of the programs coordinated by the College or by the Office of International Programs.

Interested students should work with their academic advisor in developing a program of study that includes a study abroad experience.

For more information about International programs, see each School’s individual program descriptions in this catalog, visit each School’s website, or go to West Virginia University’s International Programs website at http://internationalstudies.wvu.edu/.

Graduation Requirements
Each School in the College of Creative Arts has specific graduation requirements for their programs. Students should refer to the individual program descriptions for graduation.

Application for Graduation
Three semesters prior to the anticipated date of graduation, each student should come to the College of Creative Arts Records Office to request an academic records audit to ensure that all program requirements will be fulfilled by the completion of the final semester of study. During the first month of a student’s final semester or summer session (the one in which the student will graduate), each student must apply for graduation and a diploma. If a student does not actually complete all program requirements by the end of the anticipated final semester, it will be necessary to reapply for a later graduation date. **Degree Designation Learning Goals**

The language stated in the following learning goals for the College of Creative Arts undergraduate programs is based on (directly quoted, paraphrased or modified) current standards written and employed by the Council of Arts Accrediting Associations (National Association of Schools of Art and Design, National Association of Schools of Dance, National Association of Schools of Music and National Association of Schools of Theatre). Due to the nature of the College's specialized degrees, this goal list is not intended to be comprehensive.

As stated by the Council of Arts Accrediting Association:

> National accreditation requirements outline threshold standards for institutional and individual achievement. These thresholds indicate essentials; they are rigorous. Attaining them represents a significant accomplishment. Therefore, these standards are both a foundation and a framework for specific achievements and evaluations of their quality.

With the exception the Bachelor of Multidisciplinary Studies in the Arts and the Bachelor of Art in Dance and the Bachelor of Fine Arts in Musical Theatre, which are both pending “intent for accreditation,” the appropriate association of the Council has awarded accreditation to all of West Virginia University's undergraduate degree programs within the College of Creative Arts.
