Music Business and Industry, B.A.

Degree Offered
- Bachelor of Arts

Nature of the Program
Music industry is a vibrant, multi-billion dollar global industry, vast in scope and reach, offering a product that is deeply ingrained into the fabric of every country and culture, across social strata around the world. As such, it offers extensive professional opportunities to those who are trained, knowledgeable, and versed in its systems, methods, and practices.

The BA in Music Business and Industry offers two tracks (areas of emphasis) students may select: applied music (which includes private instrument or voice lessons) or multi-instrumental (where students are engaged in group instrumental/vocal lessons).

The Music Business and Industry program provides an engaging, systematic, and rigorous course of study leading to analytical, creative, regulatory, and entrepreneurial understanding and skills necessary to succeed in today’s complex and challenging music industry field.

The full course of study that includes courses in music, music industry, and business, combined with the University’s General Education Foundations curriculum, is designed in line with the College of Creative Arts’ mission of educating artists, teachers, and scholars through an experiential, student-centered approach to learning. The Music Business and Industry program includes courses in intellectual property in music industry, music publishing, live music industry, recording industry, music product development and placement, and recording technology.

Admissions
Acceptance into an undergraduate music degree program is contingent upon both admission to WVU as an undergraduate student and a successful performance audition. Auditions are held from late fall through the early spring semester. For maximum scholarship consideration, students are encouraged to complete the application (including audition) before March 1. Dates of and details about auditions are available from the School of Music and on the website (http://music.wvu.edu/). Special accommodations may be made by contacting the School of Music at (304) 293-4532 or Music@mail.wvu.edu.

For admission consideration, all students must submit separate applications to the University and to the School of Music. The audition, if required, is a preliminary assessment of a student’s potential for success. For the Bachelor of Arts in Music Industry, students who select the Applied Music track must audition at a minimum performance level two. If a student is admitted into this Applied Music track, their standing is confirmed or revised after the first semester of study. An audition is not required for students who select the Multi-Instrumental track of the Bachelor of Arts in Music Industry.

Music majors can change from one music curriculum to another with faculty approval, particularly during the freshman or sophomore year, without significant loss of course credit. Students are encouraged to explore and follow the curriculum for which they are best qualified and in which they can achieve the greatest success. Evaluation of students’ work by the School of Music faculty informs these decisions. If students wish a broader, liberal arts-oriented program, they may pursue a Bachelor of Arts (BA) in Music.

Area of Emphasis Information
BA IN MUSIC INDUSTRY PROGRAM / AREA OF EMPHASIS: APPLIED MUSIC

ENTRANCE REQUIREMENTS
Acceptance into the Bachelor of Arts in Music Industry degree program is contingent upon admission to WVU as an undergraduate student and a successful interview. Each student applying for the BA in Music Industry program will complete an interview process with one or more representatives from the Music Industry program. Other School of Music staff may be present as well. The interview process covers information about the student’s educational history, preparation for the music industry degree program, interest in music industry as a career, and any other information the student would like to share with the interviewer.

MUSIC PERFORMANCE AUDITION REQUIREMENT
All the prospective majors who wish to enroll in the program’s Area of Emphasis: Applied Music will be required to pass a successful instrumental/vocal performance audition in order to be admitted into the program. Students who pursue this area emphasis must audition at a performance level 2, or above, on their principal instrument/voice to be admitted to the BA in Music Industry program. Auditions for such incoming majors are held principally in November, February, and March in Morgantown. Dates for auditions and details concerning them are available from the School of Music and on the website (http://music.wvu.edu/). Special accommodations may be made by contacting the School of Music at (304) 293-5511 or Music@mail.wvu.edu. If a student is admitted, their standing is confirmed or revised after the first semester of study.

All admitted students should own their own instrument under normal circumstances (except for piano) and a portable (folding) music stand.
ADDITIONAL REQUIREMENTS:
High school graduates from West Virginia and non-residents are eligible to be considered for admission to the program with a 2.5 grade point average and either a composite ACT score of 19 or a combined math and critical reading SAT score of 910. If space is available and the required high school units, GPA, and test scores are met, the student will be admitted. Therefore, we encourage eligible students to apply as soon as possible after September 15 of their senior year. If one of the requirements is not met, students may still apply, and the Music Industry Program Director will review the application. If appropriate, students should submit a written statement explaining any extenuating circumstances that might have affected their academic performance.

BA IN MUSIC INDUSTRY PROGRAM / AREA OF EMPHASIS: MULTI-INSTRUMENTAL

ENTRANCE REQUIREMENTS
Acceptance into the Bachelor of Arts in Music Industry degree program is contingent upon admission to WVU as an undergraduate student and a successful interview. Each student applying for the BA in Music Industry program will complete an interview process with one or more representatives from the Music Industry program. Other School of Music staff may be present as well. The interview process covers information about the student’s educational history, preparation for the music industry degree program, interest in music industry as a career, and any other information the student would like to share with the interviewer.

MUSIC PERFORMANCE AUDITION REQUIREMENT
Music performance audition is not required for this Area of Emphasis.

ADDITIONAL REQUIREMENTS:
