Degree Regulations

REQUIREMENTS:

• Undergraduate Degree Requirements
• Credit Residence Requirements
• Work Done Out of Residence
• Credit Validation

AWARDING DEGREES:

• Awarding Degrees
• Official Program Designations
• Double Majors
• Dual Degrees
• Second Degrees
• Reverse Transfer
• Diploma Retention Policy

GRADUATION:

• Graduation
• Graduation with Honors

In this section

• Undergraduate Degree Requirements (p. 1)
• Credit Residence Requirements (p. 1)
• Work Done Out of Residence (p. 2)
• Credit Validation (p. 2)

Undergraduate Degree Requirements

All undergraduate degree programs include the General Education Foundations (GEF), require a minimum grade point average of 2.0 or higher, and require a minimum of 120 credit hours. In addition, the various colleges and schools may determine their own specific graduation requirements which may include additional course or credit requirements, minimum course grades, and grade point averages higher than a 2.0.

Every undergraduate degree program at WVU requires that students satisfactorily complete the General Education Foundations. For General Education Foundations definitions, please see the list of approved GEF courses (http://registrar.wvu.edu/gef). All undergraduate students at WVU are also required to fulfill a Writing and Communication Skills and a Capstone course. It is determined by the degree-granting college and/or academic unit which course fulfills the Writing and Communications Skills requirement. Please note that transfer courses do not fulfill the Writing and Communication Skills or Capstone requirements. In exceptional cases, students can petition their college to have a transfer course approved as fulfilling the Writing and Communication Skills requirement. Students will need to provide evidence of process writing. Because of their unique concept, Capstone courses can never be transferred from another institution, including courses taken while studying abroad.

Students entering WVU as an undergraduate student with fewer than twenty-nine hours must also earn a passing grade in First Year Seminar in their first semester at WVU. Those who do not pass the course must re-enroll for subsequent semesters until they earn a passing grade.

Credit Residence Requirements

Candidates for an undergraduate degree from West Virginia University should plan to complete their final 30 credit hours in residence. Students who do not complete the final 30 credit hours in residence must complete a minimum of 90 total credit hours in residence in order to earn a WVU degree. Individual colleges, schools, or departments might have additional residence requirements as part of their degree or major requirements. Students should consult their respective academic unit with questions regarding specific degree or major residence requirements. Transfer coursework (including Potomac State College and WVU Institute of Technology transfer courses); WVU administered credit by examination, placement credit, and experiential learning credit; Advanced Placement (AP) credit; International Baccalaureate (IB) credit; College Level Examination Program (CLEP) credit; high school dual enrollment credit; and military training credit are examples of the types of coursework excluded from WVU residence credit. While WVU administered credit by examination, placement credit, and experiential learning credit will be excluded from WVU residence credit, it does not interrupt the final 30 credit hours in residence if earned during this period.

Note: Resident credit hours are not synonymous with West Virginia State residency definitions for tuition purposes.
Work Done Out of Residence

Coursework completed at another institution (including Potomac State College and WVU Institute of Technology) is considered non-WVU resident credit hours. Students transferring to WVU from another institution will receive a preliminary evaluation of transfer credits upon admission to the University. Transfer credits from two-year community colleges and junior colleges are limited to a maximum of seventy-two hours of lower-division credit. Coursework accepted from two-year colleges is limited to lower-division credit; in some cases, upper-division courses may not apply toward a student’s degree at WVU. WVU students who wish to take courses at another accredited institution and receive transfer credit should review the transient approval process and consult the Office of Admissions's website (http://admissions.wvu.edu/admissions/university-requirements/transfer_equivalency) for the Transient Application Form.

Credit Validation

Students returning to WVU to complete a degree after a significant break in enrollment may be asked to retake certain courses to validate their subject knowledge (or otherwise demonstrate mastery). This significant break is normally defined by the department offering the course. Typically, a course must be revalidated if taken seven or more years previously. However, certain programs may have shorter time limitations that require re-enrollment or validation sooner. This requirement to re-enroll or demonstrate subject mastery in a course is at the discretion of the department chair and dean.

Coursework deemed to be insufficient to meet current course standards will still be factored into a student's GPA and may be treated as elective credit (as allowed by the student’s academic major).

- Official Program Designations (p. 2)
- Double Majors (p. 3)
- Dual Degrees (p. 3)
- Second Degrees (p. 4)
- Reverse Transfer (p. 4)
- Diploma Retention Policy (p. 4)

Awarding Degrees

All degrees are conferred by the WVU Board of Governors as recommended by the faculties of the various colleges and schools. A degree is granted at the end of the semester or summer term in which a student completes all the requirements for that degree, provided the student has submitted an application for graduation at his or her major department’s academic dean’s office and the dean has certified completion of all degree requirements.

A student becomes eligible to graduate when he or she completes the requirements of the University, college or school, and major degree program according to the Undergraduate Catalog in effect at the time the student first entered WVU. With the consent of the student’s advisor and dean, a student may choose to meet the conditions published in a later catalog. If a student entered WVU more than seven years previously, the student must complete the requirements in a catalog that is no more than seven years old.

Students must observe any program changes that are enacted by the West Virginia University Faculty Senate, West Virginia University Board of Governors, the West Virginia Higher Education Policy Commission, or by local, state, or federal law.

WVU policy dictates that, in view of their professional responsibilities to the general public, the faculty of a professional school may recommend to the president of the University, in writing, that a student be removed from its rolls. The recommendation of the faculty must indicate that the student is not fit to meet the qualifications and responsibilities of the profession.

WVU will not issue a diploma or a transcript to any student until payment of all tuition, fees, and other indebtedness to any unit of the University is made.

Official Program Designations

In alignment with Series 11, while offering greater specificity, the following definitions are applicable to West Virginia University, Potomac State College and West Virginia University Institute of Technology.

DEGREE PROGRAM

A degree program is an area of study approved as such by the institution and the Commission and listed on the official Commission inventory of degree programs, e.g. English, Social Work, Physical Education. The degree, which is an award signifying a rank or level of educational attainment and which is conferred on students who have successfully completed a degree program, is represented by the official degree designation, e.g. B.A. - Bachelor of Arts, B.S. - Bachelor of Science, A.S. - Associate of Science, etc. The degree program completed would be listed on the student’s diploma. A student pursuing a second bachelor's degree must complete a minimum of thirty credits after admission to the degree program.
MAJOR
A disciplinary major is a field of study within an approved degree program, having its own curriculum. Typically, an undergraduate baccalaureate major requires a minimum number of thirty (30) credit hours with the majority of credits at the upper division level. A degree program may have more than one major, however normally no more than twelve (12) credits may be shared across majors. An institution may elect to include the major(s) on the student’s diploma.

An interdisciplinary major offers a unique curriculum integrating coursework offered by collaborating programs that may be in different departments, divisions, colleges, schools, et. al. Completion of an interdisciplinary major requires a minimum of twenty (20) hours that are not counted toward completion of another major or minor. An institution may elect to include the major(s) on the student’s diploma.

AREA OF EMPHASIS
An Area of Emphasis is a specific subject area within an approved major of a degree program. Areas of Emphasis add an optional specialization within a major area of study. Areas of Emphasis are noted on the transcript, however are not printed on the diploma.

Normally, a minimum of twelve (12) and no more than eighteen (18) hours are expected for an Area of Emphasis associated with a major within a baccalaureate degree. Nine of the credit hours must be upper division.

A minimum of six (6) and no more than twelve (12) credit hours are expected for an area of emphasis associated with a graduate major. A maximum of 3 credit hours may be shared with another Area of Emphasis.

MINOR
A baccalaureate minor is earned in a specific subject area of study and must be composed of at least fifteen (15) credit hours of course work nine (9) of which must be upper-division (300- and 400-level). A student may not earn a disciplinary minor in a subject area in which he/she is earning a baccalaureate major. Completion of a minor requires a minimum of nine (9) hours that are not counted toward completion of another minor or Area of Emphasis. Minors are not available at the graduate level.

CERTIFICATE PROGRAM
A certificate program (as distinguished from the one-year Certificate Degree Program offered by the community and technical colleges) is a coherent, specialized curriculum designed for students in search of a specific body of knowledge for personal/career development. The certificate program is not attached to a degree program, although credit hours earned in a certificate program may be applied to a degree according to the credit sharing limitations described below. The awarding of a certificate upon completion is not contingent upon completion of a degree program. The certificate appears on the student’s transcript and an institution may issue an official certificate of completion.

Normally, a minimum of six (6) total and no more than nine (9) credit hours would constitute a certificate program at the associate level, and a minimum of twelve (12) and no more than twenty-four (24) would constitute a certificate program at the baccalaureate or graduate level.

Certificate programs may require admission to the certificate program prior to enrollment in specified certificate courses. Students must be admitted to the certificate program in order to be awarded the certificate.

Credit sharing limitations:
- No more than 6 credits earned from a different institution or applied to both a certificate and a degree can be used to meet certificate requirements, with the exception noted below. Applicability of credits earned from a different institution to certificate requirements is the decision of the program offering the certificate.
- If a student first completes a certificate and then is admitted to a degree program for which more than 6 credits of the previously completed certificate courses are explicit requirements, up to 12 credits of previously completed courses may be applied to the degree. Applicability of credits earned as part of a certificate to degree requirements in this case is the decision of the program offering the degree.

Note: A minor, Area of Emphasis, or Certificate that has not enrolled any students for five years will be deactivated. Where extenuating circumstances exist, the program may petition for a two-year extension from the Associate Provosts for Undergraduate Education or Graduate Education and Life.

Double Majors
The double major is the awarding of one degree with two majors offered by one college/school. For instance, a student who completes majors in English and history earns one B.A. degree. A student who completes multiple majors with the same degree designation offered by different colleges/schools will be awarded dual degrees. The completion of double or multiple majors must lead to the same degree and can only be achieved simultaneously. Students must be accepted into each major and fulfill all requirements of each major in addition to satisfying all University requirements. Students who complete multiple majors within one degree will be awarded one degree, and the transcript will list the degree and each major.

Dual Degrees
The dual degree is the concurrent awarding of two distinct baccalaureate degrees (i.e. B.A., B.S., B.S.E., B.S.J., B.S.B.A.). Dual degrees will not be awarded when a student has completed a double major with the same degree designation. Students pursuing two majors in different degree
programs are expected to have the full range of skills, competencies, and experiences as students graduating from each of the programs independently. Therefore, students must be admitted into each degree program and fulfill all requirements for each degree. Students should pay particular attention to GEF requirements for each degree. Simultaneous completion of dual baccalaureate degrees requires students to complete a minimum of thirty unique credit hours that are not used to satisfy their primary degree requirements. For example, if the student's primary degree program requires a minimum of 120 credit hours, the student must complete a minimum of 150 credit hours to earn both degrees.

Second Degrees
Some students decide to continue their undergraduate studies after receiving their first bachelor’s degree. Students who attempt to earn dual baccalaureate degrees from WVU but do not fully complete requirements for both degrees simultaneously will become second degree candidates. Students who have previously earned a bachelor’s degree, whether from WVU or another institution, must complete a minimum of thirty hours beyond the first degree. Second degree candidates must meet all requirements for their degree program, major, college, or school and the University, including residence requirements. General Education Foundations (GEF) requirements, however, are generally considered satisfied by completion of the first undergraduate degree. In the event that courses taken for the first bachelor’s degree are required courses for the second degree program, the college or school granting the second degree may approve course substitutions. In no circumstance may the coursework in the second degree program be fewer than thirty credit hours after the conferral of the first degree.

Reverse Transfer
Students who are admitted to a professional program in their last year of bachelor’s degree coursework may request reverse transfer of professional coursework to fulfill the requirements of the bachelor’s degree at WVU, Potomac State College or WVU Institute of Technology. Students are required to complete at least 90 hours of the three-year curriculum at WVU with no more than 30 credits transferring in from a regionally accredited professional program. Examples of professional programs may include but are not limited to: Doctor of Veterinary Medicine, Doctor of Medicine, Doctor of Dental Science, etc.

Diploma Retention Policy
Diplomas retained by or returned to the Office of the University Registrar will be held for two years. This includes diplomas that are retained in the office for financial holds, have been returned to sender, or shipped to the office for pick up. After two years of the conferral date, any request for a diploma by the student will incur fees and fall under all policies associated with ordering a replacement diploma.

In this section:
• Graduation (p. 4)
• Graduation with Honors (p. 4)

Graduation
In order to graduate, a student is required to complete an application for graduation the semester or summer term in which he or she expects to graduate. If a student is uncertain about graduation requirements, the student should meet with his or her academic advisor for guidance.

Graduation with Honors
WVU recognizes distinguished academic achievement by awarding degrees cum laude, magna cum laude, and summa cum laude. This distinction can be awarded on initial or second baccalaureates and specified entry-level professional degrees. All candidates for a baccalaureate with a GPA of 3.8 or higher graduate summa cum laude. Those with a grade point average of less than 3.8, but equal to or above 3.6, graduate magna cum laude. Those with a GPA of less than 3.6, but equal to or above 3.4, graduate cum laude.

The grade point average for honors consideration for a baccalaureate is based on baccalaureate-level college work attempted through the final semester. This calculation includes baccalaureate-level college work attempted at institutions accredited by regional accreditors in the United States. Credit hours earned with a grade of P or S are not considered in the determination. Grades of F, however, are computed as hours attempted. The grade point average through the penultimate semester will be used for notations in the commencement programs. Students who received academic forgiveness are not eligible to graduate with honors.

Students must meet residency requirements at WVU to be considered for graduation with honors.

The GPA for honors consideration for entry-level professional degrees is based on baccalaureate-level and professional-level work attempted through the last semester. This calculation includes baccalaureate-level and professional-level college work attempted at all regionally accredited higher education institutions attended. Credit hours earned with a grade of P or S are not considered in the determination.

Students entering and completing a second baccalaureate program following completion of the initial degree are eligible to receive the honors designation. Grade point averages for graduation with honors on second baccalaureates shall be computed on all baccalaureate-level work, excluding credit earned with a P or S. This includes work completed for the first degree as well.
