Social Work, B.S.W.

Degree Offered

- Bachelor of Social Work

Nature of the Program

The School of Social Work provides students with a comprehensive program of professional education in social work, including degree programs at the baccalaureate and master’s levels, and a range of part-time and continuing education opportunities.

The BSW and MSW programs at West Virginia University are fully accredited by the Council on Social Work Education, which makes graduates eligible to seek licensure as social workers in West Virginia and other states, depending on individual state laws. The degree programs offered by the School of Social Work allow students the opportunity to prepare for entry-level professional practice at the baccalaureate level and to specialize at the advanced (graduate) level of study. The baccalaureate program prepares social workers for generalist practice and is a recognized national leader in the development of baccalaureate-level curriculum to support this educational goal.

B.S.W. Program Mission

The mission of the B.S.W. Social Work Program at West Virginia University is to educate students to become generalist social workers. Generalist social work is grounded in the liberal arts, the person-in-environment framework, and competency-based education. Generalist social workers use a range of prevention and intervention methods in social work practice with diverse individuals, families, groups, organizations, and communities. Generalist social workers identify with the profession and apply ethical principles and critical thinking at the micro, mezzo, and macro levels of practice. Generalist practitioners are strengths-based, engage diversity in practice, and advocate for human rights and social and economic justice. They engage in research-informed practice and actively respond to the impact of context on professional practice.

The 2 + 2 Program

WVU and several colleges have entered into a joint commitment to increase the college-going rate within the state of WV and throughout the country, as well as the number of social workers within the state, through a special 2+2 arrangement that will lead to a bachelor of social work degree from WVU. Current affiliation agreements for the 2 + 2 program include Pierpont Community and Technical College, WV Northern Community College, Blue Ridge Community and Technical College, Eastern West Virginia Community and Technical College, and Westmoreland County Community College. For students from these colleges to enjoy the benefits of the 2+2 program they must be ready to enter the major when they matriculate to WVU. Students in the 2+2 program must meet the admissions standards for WVU and the B.S.W. program and must follow the B.S.W. program’s policies for transfer students.

* Student completing a minor, a second major or a dual degree already fulfill F 8.

**Degree Progress**

**Application to Professional Level:**
By January of the 4th semester, students must submit an application to the professional level.

For the application, students:

- must have earned a final grade of C- or higher in SOWK 147 and 151.
- must complete 100 hours volunteer service.
- must submit a personal statement and a reference from academic or volunteer service individual.

Students who do not meet these benchmarks are not eligible to apply to the professional level and may be removed from their major.

**Code of Ethics:**

Additionally, the BSW is a professional degree accredited by the Council on Social Work Education (CSWE) (https://www.cswe.org/). Therefore, students must remain in compliance with accreditation standards, including compliance with the National Association of Social Workers (NASW) Code of Ethics (available at https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English) and the BSW Student Handbook (available at https://socialwork.wvu.edu/students/bsw). Inability to comply with these requirements may make it difficult or impossible to complete the degree. Students should speak with a SOWK advisor regarding these requirements.
