MINOR CODE - U098

The minor in Sustainable Design develops in students a sound understanding of the principles of sustainability and sustainable design. With guidance from a variety of faculty, students will be challenged to examine their surrounding environments as well as their own lifestyles through the lens of sustainability. The three tiers of minor coursework prepare students to complete the minor with two industry-recognized green credentials that will enhance their competitiveness in the job market. For additional information on the minor in Sustainable Design, please contact Chris Haddox at 304-293-3657 or at chris.haddox@mail.wvu.edu

Code	Title	Hours
A student must earn a minimum grade of C- in all courses being taken/submitted for the Minor in Sustainable Design.		
Tier 1 - Select three of the following:		9
DSGN 280	Sustainable Design and Development	
DSGN 140	Sustainable Living	
or RESM 140	Sustainable Living	
or PLSC 140	Sustainable Living	
or FNRS 100	Forest Resources in United States History
