Regents Bachelor of Arts, R.B.A.

Degree Offered

• Regents Bachelor of Arts

Nature of the Program

The Regents Bachelor of Arts degree is designed to meet the unique goals of non-traditional students. Whether you want to pursue a graduate or professional degree, transition into a new career, increase your marketability within an established career, or fulfill your life-long goal of completing a bachelor’s degree, the RBA program can help you succeed. You can complete the program on campus or online, at your own pace. Eligible students may also acquire college credit for professional, volunteer, and military experiences. The Regents Bachelor of Arts program is designed for adults who wish to complete their college studies and offers an opportunity to gain credits for work and life experience. Students tailor their academic courses of study to meet their individual needs.

Passing grades from other regionally accredited colleges, CLEP, and DSST will be accepted.

Credit may also be awarded for certificates and licenses.

Areas of Emphasis

WVU Tech encourages adult student in the Regents B.A. program to complete a focused area of education. The following areas of emphasis require the completion of 15 graded hours of upper-division classroom work with a grade of C- or better in each course.

Admissions

Admission and retention requirements are the same as for other degree programs except that students are not eligible for admission until at least four years after graduation from high school.

Students may not be enrolled simultaneously in the RBA program and another college degree program and they are ineligible if they have already earned a bachelor's degree.
All passing grades from other accredited colleges, plus passing grades on CLEP, DSST and other college level tests, will be accepted.

- **General Education:**
  - **Communication Skills (6 hours)** Outcome: Courses in this area must provide the student with skills and knowledge to be able to communicate effectively in a variety of formats.
  - **Humanities (6 hours)** Outcome: Courses in this area must demonstrate knowledge in the interdisciplinary study and philosophy of diverse cultures.
  - **Social Science (6 hours)** Outcome: Courses will demonstrate understanding of the development, diversity, and complexity of human behavior and institutions.
  - **Natural or Physical Science (3 hours)** Outcome: Courses in this area must provide an understanding of the physical world through the scientific method (understanding of the basic facts, principles, theories and methods of science)
  - **Mathematics, Statistics, or Computer Science (3 hours)**

- **Upper Division:** Minimum of 27 hours
- **Residency:** Students must complete a residency requirement of 24 hours of coursework taken at one or more institutions within West Virginia’s public higher education system. Three of the 24 hours must be taken at WVU Institute of Technology
