Minor Code - U109

The Minor in Music Technology is intended for students with a background or interest in recording, creating, or producing audio for music or visual media. There are two tracks available to suit composers, producers/recording engineers, or both. This minor gives students the opportunity to study and apply the theories and techniques required for successful audio production using a digital audio workstation as well as composition, sound design, audio in multimedia applications, and programming using various software and hardware tools.
